Without black, no white  
Without day, no night  
Without Sun, no moon  
Nor midnight noon

You say "Take it! It won't be long"  
"Maybe I'm right and maybe I'm wrong"  
"I'll help you fix your ying and yang"  
"Wholeness here, that's the plan"

Without high, no low  
Without calm, no flow  
Without peace, no noise,  
Nor chaos, poise

You say Rest on the middle ground  
You say "Trust me, I know it's sound"  
Embrace, Embrace this emotion  
Living in a Prozac nation...

Embrace, Embrace this emotion  
Living in a Prozac nation...
