The land of our valley was dried out and dead So watch out wherever you are

We give rise to children we feed our brood So watch out wherever you are

Whatever you do...

Leave your life for me - for an unknown land Give your heart to me - to an unknown man

Here is your future the land of the free So scream out whatever you see

Whatever you feel...

Leave your life for me - for an unknown land Give your love to me - to an unknown man Can you remember what you're looking for Was it the answer of love? Can you tell me where you're coming from Protect your naked life

Leave your life for me - for an unknown land Give your love to me - to an unknown man

Leave your life for me - I'm your helping hand Give your love to me - to an unknown man
