The walls of my mind are closin' in  
can't get away your mem'ry won't end  
Can't forget about you can't forget about you  
Can't forget about you can't forget about you  
Breakin' my mind in three quarter time makin' me blue  
Can't forget about you can't forget about you  
I never stop hearing the music after the song is  
through  
[ guitar ]  
I still see your eyes your warm gentle smile  
It was all worthwhile each moment we knew  
Can't forget about you can't forget about you  
Can't forget about you...  
[ guitar ]  
Can't forget about you...  
[ guitar ]  
Can't forget about you...
