Long hair was not in style the first time I heard
Haggard on the radio
But I could feel the changes comin' on
The Beatles crossed the ocean, an overnight explosion
on the TV
My brother had to go to Vietnam

Ford unveiled the mustang
Things looked good in Detroit for the people there
And I could feel the changes comin' on
From Atlanta Doctor King told the world he had a
dream
People followed him, daddy said my hair was getting
long

I could feel changes comin' on
People started singin' different songs
Searchin' for the place where they belong
I could feel changes comin' on

Well, I'm still hooked on Haggard
But the Beatles can't come back like we hoped they
would
In Memphis, Tennessee, king is gone
As I put my kids to bed, oh, I wonder what lies ahead
for them to see
'Cause I can feel the change comin' on

I can feel changes comin' on
People still are singin' different songs
They're searchin' for the place where they belong
I can feel changes comin' on

I can feel changes comin' on
I can feel changes comin' on
I can feel changes comin' on

I can feel changes comin' on
People still are singin' different songs
They're searchin' for the place where they belong
I can feel changes comin' on

I can feel changes comin' on
I can feel changes comin' on
I can feel changes comin' on and on and on and on
I can feel changes comin' on

I can feel changes comin' on
I can feel changes comin' on
I can feel changes comin' on and on and on and on
I can feel, you can feel, we can feel
Changes comin' on and on and on and on

I can feel changes comin' on
I can feel changes comin' on and on and on and on
I can feel changes comin' on
I can feel changes comin' on
