Here we are, once again
Stronger now than we have ever been
Hand in hand, heart to heart
Now we made it through the hardest part

We had to break it all down to build it back up
Lean on each other when the times got rough
How we survive going through so much
Baby you and I could write a book about love

Here we are, one to one
Looking back to see how far we come
We shared it all, you and I
We're still together after all this time

We had to break it all down to build it back up
Lean on each other when the times got rough
How we survive going through so much
Baby you and I could write a book about love

Here we are, once again
We're stronger now than we have ever been
With hand in hand, with heart to heart
Here we are, here we are

Here we are
Here we are
Here we are
