

Alabama "Spin the Wheel"

We're standing like kids on a mineway
Two hearts like tumbling dice
We've lost control of the way we feel

Old heartaches driving us crazy
Is it really different this time
We've come too far not to take a chance
And spin the wheel

Play our hearts on the line
Risk it all one more time
Let it all ride on the way we feel

This could be another broken heart
Or is it were true love starts
Only one way to find out if this thing is real
Just spin the wheel

Round and round our dreams are rollin?
Will they land on lover goodbye
My heart's on you head over heels

All I know is when I told you
Love is worth any chance we take
Baby let's let the chips fall where they make
And spin the wheel

Play our hearts on the line
Risk it all one more time
Let it all ride on the way we feel

This could be another broken heart
Maybe this is it were true love starts
Only one way to find out if this thing is real
Just spin the wheel

Love is worth any chance we take
Baby let's spin the wheel

Play our hearts on the line
Risk it all one more time
Let it all ride on the way we feel

This could be another broken heart
Or maybe this is it were true love starts
Only one way to find out if this thing is real
Just spin the wheel

Play our hearts on the line
Risk it all one more time
Let it all ride on the way we feel
Just spin the wheel

Keep on spinning the wheel baby
Round and round we go
Spin in the wheel
Spin the wheel
Round and round we go
And spin the wheel
Spin the wheel
