Sittin' alone at a table for two
When she walked in
I was down on my second love
Swore I'd never do that again

She sat down beside me
And tried to explain
That two bad loves
Don't spoil the whole darn game

The first love lies
The second lover hurts you deep inside
And now that you're free
This love's on me

I thought my life was
At the end of its rope
Without true love
There could be no hope

Then she asked
If I would stay for the night
She said
"Everything's gonna be all right"

The sun came up
The very next day
I knew what she meant
When I heard her say

The first love lies
The second lover hurts you deep inside
Now that you're free
This love's on me

She sat down beside me
And tried to explain
That two bad loves
Don't spoil the whole darn game

The first love lies
The second lover hurts you deep inside

Now that you're free
This love's on me

This love's on me
I'm gonna love away your misery
Soon you will see
This love's on me

Yeah, yeah, yeah
Yeah, yeah, yeah

This love's on me
I'm gonna love away your misery
Now that you see
This love's on me
