You're the one with the perfect skin, unscarred by any
passion,
I'm the man who's wondering if I'm just this year's
fashion,
If you say I'm written on your life, and your eyes are
wide open,
Say I'm written on your soul, then write me on your skin.

I said, tattoo,
Tattoo me on you,
Tattoo me,
Tattoo me on you.

Don't make me no promises, don't wear a ring for me,
'Cause you'll take it off your finger when you think no
one can see,
I don't care if we're not together in the end,
If you say I'm written on your soul, then write me on
your skin.

I said, tattoo me,
Tattoo me on you,
Tattoo me,
Tattoo me on you, you,
Tattoo,
Tattoo me on you, yeah, you,
Tattoo,
Tattoo me on you.

It doesn't have to be my name, it doesn't have to be my
silhouette,
You'll think of something; use your own alphabet,
People gonna ask questions, they're gonna want a
story,
What are you gonna tell them?
Tell them about me, tell them about me, me, me.

I don't think that the perfect life is coming through
without a scratch,
If your inside is worth knowing, then your outside reads
like a map,
Now this might hurt a little; new lives begin with little

pains,
If I'm written on your soul, then write me on your skin.

I said, tattoo,
Tattoo me on you,
Tattoo me,
Tattoo me on you, on you,
Tattoo me,
Tattoo me on you,
Tattoo me,
Tattoo me, on me, on me, on you, you, you, you, you,
Tattoo me on you,
Tattoo me,
Yeah, better tattoo me, baby.
