Devil and the deep blue sea ran dry,
The first time I saw your face, I thought I'd die,
I found a treasure deep in you, and loving you
forever's all I want to do, yeah.

I never wanna lose it, I never wanna lose it, yes,
I never want to lose it, yeah, I never want to lose the
treasure in you.

From a womb of love I saw you fly straight into my
arms,
We both broke down and cried,
Two lives, two faces intertwined,
Something so down to earth and so divine is mine.

I never want to lose it, I never want to lose it, yes,
I never want to lose it, well, I never want to lose the
treasure in you.

And though one day, baby, I'll have to set you free, (no
more)
Still have all the love you left deep inside of me, (yeah)
And I...I never want... (never want to lose you)

I could search forever, never find the treasure to
compare with what's already mine.

And I...I never want to lose it, I never want to lose it,
Well, I never want to lose...lose it, yes,
I never want...I never want to lose,
I never want to lose it, I never want to lose it, yes,
I never want to lose it, babe, yes, well,
I never want... I never want to lose,
I never want to lose, I never want to lose you,
I never want to lose you, babe.

I don't never want,
Always hold on to you, babe,
Hold on to me, hold on to me,
(fade)
