i'll be prayin 4 you
you'll be prayin 4 me

everybody goes through sometimes
cause something always testing your faith
you're gonna get some bumps and bruises
if you live like the bible says

listen now
i don't know what you're goin through
i don't have the remedy
all i know is that a friend
loveth at all times
but a brother is born for adversity

you know that i'll be
prayin 4 you
you'll be prayin for me

whatever you're goin through
you know that i'll be
prayin 4 you
you'll be prayin 4 me

this goes on for my mothers out there(struggling)
fathers that's working their (their fingers to the bone)
sisters keep(fighting)
brothers keep(striving)
and to the children don't think that you're all alone
there's a message in this simple song
i wanna sing
whatever the problem may be
God can do a new thing
i've be prayin 4 you(repeat)
i'll be prayin 4 you
you'll be prayin 4 me
