Verse

Have you ever been down
To your last dime
Lost with no direction
And hoping to find peace and joy
For your lost soul
God said don't you worry
In the end you'll reach your goal

Chorus

Believe I'll run on-See what the end's goin' be
Believe I'll run on-See what the end's goin' be
Believe I'll run on-See what the end's goin' be
Believe I'll run on-See what the end's goin' be

Verse

I know you've been running- For a very long time
Don't give up now- Keep Jesus on your mind
It may seem dark- But He is the light
Just trust in Him- He'll make it all right

Chorus

Bridge

Run on Run on Run on- Run on Run on Run on
Run on Run on Run on- Run on Run on Run on

Chorus

Vamp

Believe I'll run on- Run on-Believe I'll run on
Run on- Believe I'll run on-Run on- Believe I'll run on
See what the end's goin' to be
