"Catch Me Wings"

I'm coming home - I'm flying high
Won't crash and burn this time
The wings of the Dove won't let me down
I'm soaring oh so high

Catch me wings I've fallen
Take me up in flight
Carry me home
To the One I love
Bring me back to life

No clouds are in my path
The Son is in my eye
The wings of the Dove are carrying me
High into the sky

Catch me wings I've fallen
Take me up in flight
Carry me home
To the One I love
Bring me back to life

Flying into destiny
I'm coming home tonight
Back to the arms of the One I love
Back into my life

Catch me wings I've fallen
Take me up in flight
Carry me home
To the One I love
Bring me back to life
