Oh, the games we play
Maybe one will I win one day
Look around, you don't see me
Later on wasn't meant to be
Yet I know I'm gonna miss this mourning
What I fear when I hear your name
It could be without any warning
Turning back to the way I came

Oh the games we play
Later on wasn't meant to be
Look around, not bringing me down today
I won't give in or run away
I feel no pain
Anger is my novocain
I am invincible, I'll never lose control until I...
Fall a long, long way
To the bottom of the bin one day
Should I go, or shouldn't I stay
Did you hear what I meant to say
Yet I know it's gonna be forever
Turning back 'till the end of time
And whatever you say I never
Started to give in or cross the line

Is it in my mind
I feel no pain
Anger is my novocain
I am invincible 'til I fall
I feel no pain
In this state I will remain
I am invincible, I'll never lose control until I fall

This is my time, but in the end
You know I wouldn't mind seeing you again

Learn to live, live without you
Taking over day by day, you took away harmony
Learn to live, live without you
Taking over day by day, you took away my only way to
go
I go the only way I know

Right before I lose control
Impossible, invincible
Now you can't hurt me anymore

I feel no pain
Anger is my novocain
I am invincible 'til I fall
I feel no pain
In this state I will remain
I am invincible, I'll never lose control until I fall
