The face I wear today
Will soon fade away
And the dreams I have made
Will die where they lay

Call it cowardice for not seeing it 'til the end
Show you these open wounds I've got to start to mend

Trust is not my friend
As faith walks out again
Unwilling to bend
The strength I need ascend

Let my weakness carry me I cannot fight alone
Show me every single fault and turn my heart to stone

Replay today
I never wanted to be blind
Replay today
I didn't want to be this kind
