And I think about you all the time,
And I think about you all the time,
We were standing alone,
Leaning in to speak to me,
Acting like you rule,
I fell you move closer to kiss me.

And I think about you all the time,
Sweet sensations all lover me,
And I think about you all the time,
Passion desire so intense,
I can take any more.

I can fell the magic all around you,
It bringing me to my knees,
It's lik I wanna be,
I gotta be chained to you.

I can fell the magic all around you,
It bringing me to my knees,
It's lik I wanna be,
I gotta be chained to you.

As you looked into my eyes,
A sudden sense of urgency,
Fascination a spell,
You became more then just a mystery.

And I think about you all the time,
And now you won't even speak to me,
Wondering what in the world I did wrong,
Take ten steps back,

Won't go away he's always shutting me out,
Is this the way your gonna be,
Are you shutting me out for good.
If that the way you want it to be,
You can have it your way,

I can fell the magic all around you,
It bringing me to my knees,

It's lik I wanna be,
I gotta be chained to you.

I can fell the magic all around you,
It bringing me to my knees,
It's lik I wanna be,
I gotta be chained to you.

And I think about you all the time,
And I think about you all the time,
(Telling me it's madness I bearylly know you)
And I think about you all the time,
(I wan t you to move)
And I think about you all the time,
I can't take it
