I no it's hard for me to tell u my heart
To let u no exactly how I felt inside
But if you were here right now,
I'd pour out my soul
I really wish you were here
Time is going by very slow
U were here with me jus a day ago
didn't I mean everything to u
Or am I being selfish
I know I don't ask for much, just to feel your touch and
here you say I loved you
Every now and then find a close friend, now you're
gone
Now it's hard at the end of the day coming home to an
empty house
I try to find the words to say but they jus won't come out
baby

How could you throw this away baby?
How could you not be here today?
I thought we had everything, u left me all alone
Please come back home, I need your love
I can still picture the look on your face, when I told you I
needed some space
I tried to work it out, make everything better baby I
made a mistake
I never meant to cause you pain
I never meant to tell you to leave
I'll try to change for you if you change for me
I want ya back now come Back to me
I no I told you couldn't take it any more
But if your now here I cant go on
How could you throw this away my baby?
How could you not be here today?
I thought we had everything, u left me here alone
Please come back home

25 hours have passed me by (Me by)
25 hours have passed me by (They passed me by)
25 hours have passed me by and I all I could think of
was you

26 hours ago I was laying right next to you

Missing you and I need you in my life
How could you just let me go?
Ill be your best friend and your wife baby
I'm gonna try to make it up baby
So I can see you once again
oh baby, my baby, I need you
