From across the room, I went to ask her why
she looked so sad, she began to cry
I said dry your eyes, dry your eyes and talk to me
can't be so bad, it will get better can't you see me
I wanna talk to you, can't you see me, I want to talk to
you

I'm not trying to take advantage of you
I see your down, is there anything, anything that I could
do?
Wipe you eyes and talk to me
Can't be so Sad, things will get better can't you see me
I wanna talk to you, can't you see me, I wanna talk to
you

SOLO

There's no reason for you to be alone, come with me
and I will gladly take you to my home wipe your eyes
and talk talk talk talk to me
Can't be so bad, things will get better can't you see me,
I wanna talk to you. Can't you see me, I wanna talk to
you.
