Please don't worry about me
And I'll take care of thee
Just think of me and I'll be there
Leave your troubles behind
And don't think thoughts unkind
The beauty of love is with you

?Cause I love you all
Even though my heart is far away
It's here I'll stay
Until my life is through

Please don't worry about me
And I'll take care of thee
Just think of me and I'll be there
Leave your troubles behind
And don't think thoughts unkind
The beauty of love is with you

When I'm dead and gone
And my life has passed
Beyond your view
There inside of you
My life goes on and on

The tears that I've shed
I've left far behind
But they'll follow me
The rest of my days

I know in my mind
There's happiness to find
And I'll search
'Til I've found peace of mind

Please don't worry about me
And I'll take care of thee
Just think of me and I'll be there
Leave your troubles behind
And don't think thoughts unkind
The beauty of love is with you

?Cause I love you all
Even though my heart is far away
It's here I'll stay
Until my life is through
