It is dying to come out
It is killing me within
Someone check if Iâ€™m still

Breathing
Just keep me breathing
Oh now what should I say
I wanna to keep it from the heart
Well someone check if Iâ€™m still

Breathing
Just keep me breathing
See this is why I sing it
Itâ€™s gonna keep me breathing

I shouldâ€™ve told you from the start of things
That tonight Iâ€™m really suffering
And me I hope youâ€™re still

Believing
Donâ€™t stop believing
Cause if you stop believing
Than it will keep me singing

I do have thought of suicide
I know itâ€™s brave of me to say (I know)
But am I brave enough

To Stay
Enough to stay
So this is why Iâ€™m singing
To keep me breathing
