If I look sad today, Please let me go my own way.
And let me get over it, Without you my life is so
pathetic.

(Chorus)

And I'm not who I am anymore,
Only If I knew before.
Life makes no sense, Without you I love in past tense.
You left me without saying goodbye,
All would do if I.

If you knew, All the pain I went through.
After you were gone, My life went all wrong.
Nothing I could can make it right,
I even miss in the middle of the night.

(Chorus)

I live a life full of love and pain, Treating it like a game.
If I lose you I just can't restart,
I would have to deal with a broken heart.

(Chorus)

If I love you that way, Can that make up for what I didn't
say.
Will that be enough, To have your love.
I say I love you till the end of time, For your love I would
give mine.

(Chorus 2x)

If I try, would you be mine.
Please don't cry, I will be here till the end of time.
Before I say goodbye, I can only say If I.
