Im missing you today,  
Knowing your so far away.  
Im missing you,  
And I wish to be with you.

Im missing you tonight,  
By you I pray to do right.  
Im missing you,  
And I want to kiss you.

(Chorus)  
Before I fall asleep tonight,  
Knowing your the best thing of my life.  
I look to the sky and count the stars,  
And I wonder which one you are.  
Oh I miss my girl,  
Such a perfect world.

Im missing you right now,  
And try to figure how.  
To make sense of love,  
Its you I see to heaven above.

(Chorus)

Right now Im missing you,  
I wish I was with you.  
In your eyes I see the moon,  
To see you its never to soon.

(Chorus 2x)

Oh my girl was the cost,  
and such a perfect world I lost.  
Oh I miss my girl,  
I lost such a perfect world.  
A perfect world,  
Perfect World.
