Verse 1

When you see, this is the way it has to be,
then you'll find a different side of me.
When you learn, what it is to truly burn,
then you'll understand the things about me you've
heard.

And maybe being broken, is just the thing I needed
I'm defeated and left with just my discontented
freedom.
And maybe being lonely, to watch the world before me
fall apart,
is just the way to fix my heart
And now, I'm giving this all over now, 'cause I'm
doing it all over now.

Chorus

I'm doing this all over now
And somehow I know you'll never let me down
'Cause if I fall I know you'll always catch me
And if I try to leave my heart won't let me
Cause now, I'm doing this all over now

Verse 2

When you gaze through the windows I have made
Oh the tragedy, its tragedy begins to fade
When you learn and know that despite of everything
you've been told
The pen is truly the window to my soul
Whoa

Maybe starting over will help me when I'm older
I'm a witness in deferent to my ever-present distance
Being simple minded, has shown me I've been
blinded by the nonsense
That I just said would make much sense 'til now
'Cause I'm giving it all over now,
'Cause I'm doing it all over
Doing it all over now

Chorus

I'm doing this all over now

And somehow I know you'll never let me down
'Cause if I fall I know you'll always catch me
And if I try to leave my heart won't let me
Cause now, I'm doing this all over now
doing this all over now
Whoa, whoa

And maybe being broken, is just the thing I needed
I'm defeated left with just my discontented freedom.
And maybe being lonely, to watch the world before me
fall apart,
is just the way to fix my heart
And now, I'm doing this all over now, 'cause I'm
giving this all over now.
