Hello dear what can i do for you?  
will you go and swing along tonight?  
just take a step and theyâ€™ ll do the rest  
just let it flow..and you will glow  
just like a moonbeam up in the sky tonight

nver mind, troubles that may have come  
just go along with the tunes the bad are playing  
but letâ€™ s go and dance  
do the tango or a mambo jumbo i donâ€™ t care

do the cha cha cha  
do the tango  
do the samba  
or perhaps play something sweet slow and nice like a  
waltz?

naa i prefer to go swinging
