Archies - Over and over

Come sit beside me  
And tell me you are mine  
Tell me you love me  
I want to hear it all the time

Oh say it, Over and over, over and over  
Over and Over, and over again  
Yeah-eah-eah, Over and over, over and over  
Over and Over, and over again

Come kiss me sweetly  
And hold me close to you  
Lovin' you darlin'  
Is all I wanna do

Woh-oh-oh, Over and over, over and over  
Over and Over, and over again  
Yeah-eah-eah, Over and over, over and over  
Over and Over, and over again

Please love me darlin'  
Your word I'm livin' for  
Oh I need you darlin'  
For now and ever more

Oh yes, Over and over, over and over  
Over and Over, and over again  
Yeah-eah-eah, Over and over, over and over  
Over and Over, and over again  
Yeah-eah-eah, Over and over, over and over  
Over and Over, and over again  
Yeah-eah-eah, Over and over, over and over  
Over and Over, and over again
