This might come off strong, I know I met you not long ago-oh-oh. (Mhmmm.) When I heard you sing, I thought you were the cutest thing, that I'd ever seen, that I'd ever seen-en-en-en. In a verse or two, you caught me staring over at you. & I thought of somethin' funny to say, but I didn't want to sound cliché-ay (Oh oh whoa oh oh.)

& this is how I plan to break the ice-ce: Say something nice. But I had to go before I could, sittin' here thinkin' if I really should. But I'll have some fun-un, take a chance that I might meet someone. & get to know you more than just before, which was just a hi-goodbye. I hope that I did more... I said "I hope that I did more-ore!"

I hope (I hope that I did more...) that I did more.
I hope (I hope that I did more...) that I did more.
I hope (I hope that I did more...) that I did more.
I hope (This is how I plan to break the ice, this is how I plan to break the ice...) that I did more.

I hope (This is how I plan to break the ice, this is how I plan to break the ice-ice-ice...) that I did more-ore-ore.

I hope that I did moreÂ...Then just break the ice-ice-ice.
