The beast is trudging, through the darkness.
The pictures flashing now, brighter than a camera lens.
Could ever capture, all the sadness.
That's lying deep within...

My hearts design is shattering,
This is my last goodbye.
This hate is pouring out from my eyes.

Stick your straw into my chest,
Suck until there's nothing left.
Because I feel so dry.
The word family,
Sounds more like enemies,
I'll take you all to the grave.

It's time to face the monster that you have made,
My lungs are filled with black and their hate...

I see the shadows, casting under my door, it's getting
darker...
The lights the only cure, my flashlights fading out.
These are the ghosts that haunt, the darkness inside
my chest is growing,
And it will never be stopped,
Before they blacken out both of my eyes.

Stick your straw into my chest,
Suck until there's nothing left,
Because I feel so dry.
The word family,
Sounds more like enemies,
I'll take you all to the grave.

It's time to face the monster that you have made,
My lungs are filled with black and their hate.

I may be hopeless, I know I'm reckless.
I may be hopeless, I know I'm reckless.
I may just be everything.
That you never wanted, wanted, wanted, wanted!

Wanted! OH!

Give me the respect, That I'm fighting for.
Give me the respect, That I'm dying for.
That I'm dying for, That I'm dying for.
