Well please don't believe, everything that you've heard.
You never know all of the shit we have seen.
I know it's hard to try and rule the world,
This constant struggle is tearing us apart.

You! Will! Sell Your! Soul

So tell me,
I know the walls have ears and I notice everything.
Give! Me! Some! Thing! I am! Fading!

Give me something, I am fading.
Out! In! To! A! Hole Of! Emptiness!

Sell your life and sacrifice your,
Mind! In! Ex! Change! For Success Man!

Someones going down tonight my friend,
I swear to god it's not going to this guy.
This is the sadness,
This is just madness,
I am pathetic.
Where are your manners?
We are the haunted,
We are the lost and It's 50/50 and I promise we'll make.
Make it out!
Alive! We'll make it out!

This is the house of rats!
There is no turning back!
This is the house of rats!
There is no turning back!

Someones going down tonight my friend,
I swear to god it's not going to this guy.
This is the sadness,
This is just madness,
I am pathetic.
Where are your manners?
We are the haunted,
We are the lost and It's 50/50 and I promise we'll make.

Make it out... Alive!
We'll make it out... We'll make it out...

Dear everyone,
I'm writing this letter to you and saying our goodbyes.
I'm giving up on everything, I'm giving up on life.

And you know I will change,
I'll never be the same.
Into a hole,
I'll never be the...
Same!

Back there I want to be, back there with everything.
Back there I want to be, something to, something to
somebody else!
I never wanted to! I never wanted to!
I never wanted to be something to somebody else!
I never wanted to! I never wanted to!
I never wanted to! I never wanted...

I'll never be the same, I have changed.
I'll never be the same, I have changed.
I'll never be the same, I have changed.
I'll never be the same, I have changed.
