I've noticed, people, they all have motives.  
Different, yet all the same.  
I fumble through every word that was spoken,  
and I barely knew your name.  
I'm tongue-tied, it runs through my blood and my  
insides;  
Some things we can't escape.  
But if we try, if we try, we can leave this behind.

It's been a lifetime, a lifetime we waited for.  
A simple question, kid, "are you with me or not at all?"

Your eyes wide, always ahead of the curve tide,  
Quiet, and confident.  
Oh, we stood there, awkward and youthful, we tangled;  
A piece of my soul escaped.  
Oh, we are restless and tired of sleeping with giants,  
A modern mankind with their egos of fire and it seems  
like

It's been a lifetime, a lifetime we've waited for.  
A simple question, kid, "are you with me or not at all?"

Are we wasting time or is it wasting us?  
It's been a lifetime waiting for now, now.  
Well, you've got to find a way,  
you've got to find a way,  
you've got to find a way,  
you've got to find a way,  
you've got to find a way before you fold.

It's been a lifetime, a lifetime I've been waiting for.  
A simple question, kid, "are you with me or not at all?"

It's been a lifetime, a lifetime we waited for.  
I need an answer, kid, you're either with me or not at  
all, no, no.  
Are we wasting time or is it wasting us?  
It's been a lifetime, a lifetime, a lifetime, lifetime, yeah.  
Well, you've got to find a way,  
you've got to find a way,  
you've got to find a way,

you've got to find a way.  
Son you've got to find a way,  
you've got to find a way,  
you've got to find a way before you fold
