I told myself I couldn't do it  
Face another day when I knew it  
All too well and all too soon  
You were taken from my life  
It's like you get used to the pain  
You can't see the sun shine in the rain  
So I smile and keep it inside  
Cuz I don't want to cry

You, you were my friend  
Until the end  
But now, I have to let you go

Please tell me why  
I write these lines  
When you're nothing but a memory  
That burns a hole  
Deep inside my mind  
And I keep these words to myself  
And when I close my eyes  
I miss you more  
I miss you more  
More than words can say

Tell me what it takes and I'll do it  
I close my eyes  
Cuz I want to get through this  
Now your face is just a faded photograph  
Sometimes something's so good that it can't last  
So many things I wanted to show you  
So many things I wanted to tell you  
You're in my heart, I just want you to know  
A piece of you is with me wherever I go

Now, it's just too late  
I had the chance to say goodbye  
But then I let it slip away

Please tell me why  
I write these lines  
When you're nothing but a memory  
That burns a hole

Deep inside my mind  
And I keep these words to myself  
And when I close my eyes  
I miss you more  
I miss you more  
More than words can say

oohhh..  
oohhh..  
oohhh..  
oohhh..  
oohhh..  
oohhh..  
oohhh..  
oohhh..

Please tell me why  
I write these lines  
When you're nothing but a memory  
That burns a hole  
Deep inside my mind  
And I keep these words to myself  
And when I close my eyes  
I miss you more  
I miss you more  
More than words can say  
And I don't know why  
But, I feel like the way I do  
It's all too much  
And I just need some time  
And I keep these words too myself  
And when I close my eyes  
I miss you more  
I miss you more  
More than words can say
