See, it's a minor lost
See no further.
Feel, and I know u love
I've search for long

Mmmmhmhmmh

And I know why, don't know why, I see trouble comes
our way
I know why don't know why I see trouble comes our
way,
Comes our way, comes our way

Leave And I know you well
I've known for long
Home and these launching roads
Leads you home

Mmmmhmmmmh

Oh sing it out loud

And I know why don't know why I see trouble trouble
comes our way
And I know why don't know why I see trouble comes our
way

And now she waits, now she waits,
Ah she waits
Mmmh

And know why I know why
Lonesome roads now
It comes our way
It comes the way
It comes the way
