It's just a beating  
Oh, it feels like you want it  
A taste of living  
Oh, just a drop in the water  
And I'm trying to will myself against a better path  
And I'm finding the way you groove is just another way  
of trying  
Lay down, lay down on me now  
Stay down, stay down with me now  
And I'm trying to live my life in a better way  
Lay down, lay down on me  
Tired of living  
Oh, it feels like a warning  
Instead of giving  
Oh, it seems like you want it  
And I'm fighting to live my life in a better way  
And I'm finding the way you move is just another way  
of dying  
Lay down, lay down on me now  
Stay down, stay down with me now  
And I'm trying to live my life in a better way  
Lay down, lay down on me  
Since you're living  
Oh, sure you want it?  
It's why you're missing  
Oh, why you want it?  
You're coming with me  
Oh, you should be there  
We're a part of  
Oh, something greater  
You're coming with me  
You're coming with me  
You're coming with me  
You're coming with me  
Lay down, lay down on me now  
Stay down, stay down with me now  
Lay down, lay  
Oh, lay down, lay  
Oh, lay down, lay  
Oh, lay down, lay
