Sometimes I follow you
I look through your window
And I watch you sigh
You're getting off real soon
I should ask your name
Maybe get your number
We could go out sometime
It's all in my mind

I need some excuse just to come talk to you
Be my five minute friend
You know I've got time to spend

I hope you don't mind
That I've come to see you
And It's no mistake that you see my face
I know I'd do best to forget about us
'Cause there is no us
I forget: It's just a crush

'Cause there's someone else
He knows your name, yeah
and he's got your number
Maybe he's just a crush
Maybe he's so unkind
And he's never on time
He doesn't know your such a find
There goes my mind

I need some excuse just to come talk to you
Be my five minute friend
You know I've got time to spend

I hope you don't mind
That I've come to see you
And it's no mistake that you see my face
I know I'd do best to forget about us
'Cause there is no us
Once again, I forgot
It's just a crush

I hope you don't mind
That I've come to see you
And it's no mistake that you see my face
I know I'd do best to forget about us
'Cause there is no us

Once again, I forgot
It's just a crush
