You said everything
Let it show
Let it breathe
You know
You make
Me sick

You've got
Your house
Your car
A big backyard
Don't state
The obvious

Fall is
On it's way
No More
Sunny days
It gets dark
You know

Smoke your
Cigarette
Try not
To forget
That you know
They make
You sick

Things never turn out
The way I want them to
But we're all
All born innocent
Take what you can
Take everything you need
But save some for me
Or save it for yourself

Write me a letter and explain
We're all born innocent
Yes we are
Your job perfect as it was
I know you're not guilty here
You sit right down
Close your eyes shut your mouth

Listen now
This conversation's done
So it's all down to money as it were
He was born innocent

Things never turn out
The way I want them to
But we're all born
To this world

Things never turn out
The way I want them to
But we're all
All born innocent
Take what you can
Take everything you need
But save some for me
Or save it for yourself
Just save it for yourself
