Cosmic calamity,  
A pervasive everlasting affliction,  
Discord is essential,  
A product of variety, dissension,  
Intrinsic in choice,  
Can I transcend the paradox?  
Defy the fundamental essence,  
What should be left?  
Simultaneous beginning and end,  
Stretched and compressed to infinite past and future,  
I will incur,  
Boundless oblivion with complete stagnation,  
Permanent nothingness composed of frozen  
everything,  
A shapeless entity of impossibility,  
Uncertain abstract phenomena,  
I will incur,  
Boundless oblivion,  
I will incur with complete stagnation,  
Cosmic calamity,  
A pervasive everlasting affliction,  
Discord is essential, a product of variety, dissension,  
I will incur,  
Simultaneous beginning and end,  
Stretched and compressed to infinite past and future,  
Defy me,  
What will be left?
