

Modern Day Escape

"Cover Me"

Visit "[Cover Me](#)" on MotoLyrics.com

When the cold winds blow
In the darkness i'm out on my own
And my flame burns low- Jesus cover me
When i'm far from home
And the path beneath me is gone
I can't make it alone- Jesus cover me
You are God of all creation
And still speak softly to my soul
Be the Rock of my salvation- let me know
You cover me
When i need a friend
When my loneliness has no end
Can life re-begin- Jesus cover me
When faith disappears
When hope has turned to fear
When love is not so clear- Jesus cover me
