"Blood Addiction"

Feasting on human flesh is part of all my life...
I'm killing innocents with no mercy to please myself!
Drinking their blood is the reason why I'm taking their
lives!
Always ready to practice my barbarian demise on
themselves!

Blood Addiction... Feasting on human components!

As I carve in your chest, I can feel your distress
The sweat smell of your flesh, is arising my madness!
Guts spilling on the wall, while I dissect your body!
Extracting the limbs, my lunch is almost ready!

Blood addiction, am I insane?
I'm feasting on human components!
Pulpifying your corpse, seeking for tender parts....
Blood is all I see, I'll guzzle all of your body
Lost in my insanity, my thirst of blood is appeased!
Returning to my senses,
Thinking of my next butchery!

Removing eyes from their sockets,
Is stopping my vicious headache!
I'm not feeling any regrets,
While I'm wresting your tasty brain!

You're my piece of meat,
I'll devour you entirely!
Keeping the remains,
For my submit children!

Part of my education.
My entire devotion!
Practicing cannibalism,
It's such a blasphemy???
