Your love is what I need
It feels just like a sunset
Your love is what I want
It's everything or nothing
Tell me what you wanna do?
If I put my love one you
Tell me what you wanna do?

Tell me what you wanna do?
If I put my love one you
Tell me what you wanna do?

Tell me what you wanna do?
If I put my love one you
Tell me what you wanna do?

Tell me what you wanna do?
If I put my love one you
Tell me what you wanna do?

Tell me what you wanna do?
Tell me what you wanna do?
If I put my love one you
Tell me what you wanna do?

Tell me what you wanna do?
If I put my love one you
Tell me what you wanna do?

Your love is what I need
It feels just like a sunset
Your love is what I want
It's everything or nothing
Tell me what you wanna do?
If I put my love one you
Tell me what you wanna do?
Tell me what you wanna do?
If I put my love one you
Tell me what you wanna do?
