Sometimes I think the only reason that you call me is
because I bring you Pop-eye and I look beautiful naked
But you're as good as me at flirting with your fingertips
I know that you can feel that we're connected
Where I come from we call it [something in Norwegian]
But in America I think it's called ESP
I usually don't like to makeout in the morning
But with you I do so that's gotta mean something
(Chorus:)
I don't know what this is but I'm having fun
It's like I'm swinging on a pendulum
You make me go
Back and forth
I keep on going like the way my body's moving
Can you feel it when I make it go
Back and forth
You keep on going, keep me coming
Then you keep on running from me
Uh oh
Here we go
Back and forth
I love it, I crave it
I, I hate that I'm always debating
Like, back and forth
(Shake it) x 5
Back and forth
(Shake it) x 15

I think that I severely underestimated your potential
So I'm sorry
(I'm not)
This is just getting so crazy
I don't know if I can muster up the self control to make
it stop
Where I come from we go until the sun set
And we wake up and we don't think about it
I usually don't like to makeout in the morning
But with you I do so that's gotta mean something

(Chorus)

Shake it

(Shake it) x 5
Mmm-oh, ohhhh

Watch me go side to side
Do you like the way I move it for you
Brought you a little gift tonight
Gonna make you want to get to know me better

Watch me go side to side
Do you like the way I move it for you
Brought you a little gift tonight

(Chorus)

I don't know what this is but I'm having fun
Back and forth
