Let's all dream,
Of a crazy scene,
Where the whole world's smiling,
And it's painted green,
The air is cleaner than you've ever seen,
And it's good to be alive.

(chorus)
Inside your mind is a beautiful place,
Let's all dream x2

Let's all dream,
That art is king,
A sense of humour is the next best thing,
Life is larger than everything,
And there's poetry within.

Chorus

Inside your mind.

Get back to being human x2.

Inside your mind is a beautiful place,
Let's all dream x2
Get back to being human x2
Inside your mind is a beautiful place x2.
