I wish I didn't have to go
But it's getting late
We can take the long way home
Just take my hand
You don't have to say anything, oh
We're on my street, there's my house
Feel the time running out
Wish that we could stop the clock
And it feels so right
When you're holding me close
I wish we could stay like this and never let go

Cause everytime you walk away
I wanna say turn back around
Oh, wishing that we could stay right here, right now
Kinda silly, but can't get enough
When it comes to you
Every goodbye just turns my brown eyes blue

I'm all alone up in my room
Time moves so slow
Wanna fall asleep and dream of you
Now I know I won't
Cause I miss you too much
And being with you is all that I'm thinking of

Cause everytime you walk away
I wanna say turn back around
Oh, wishing that we could stay right here, right now
Kinda silly, but can't get enough
When it comes to you
Every goodbye just turns my brown eyes blue

My brown eyes blue, oh
