No-one wants to lose
All the magic that's inside
All the colors of the rainbow
And the treasures that we hide

If you want to keep it
Then tears just aren't enough
Don't live off all your memories
Start drowning in your love

Coming up for air
Coming up for air
Breathing in deeply
Coming up for air

Coming up for air
Coming up for air
Breathing in deeply
Coming up for air

Somewhere bellow the surface
Is the deepness of the sea
When the heart still fills with wonder
And happiness is free

Just continue on your journey
'Cause wisdom's not enough
Don't let the waves erode you
Stop drowning in your love

Coming up for air
Coming up for air
Breathing in deeply
Coming up for air

Coming up for air
Coming up for air
Breathing in deeply
Coming up for air

The air smells good
The air smells fine

Release the pressure
On my mind

The air smells good
The air smells fine
Release the pressure
On my mind

No-one wants to lose

Coming up for air
Coming up for air
Breathing in deeply
Coming up for air

Coming up for air
Coming up for air
Breathing in deeply
Coming up for air

Coming up for air
Coming up for air
Breathing in deeply
Coming up for air

Coming up for air
Coming up for air
Breathing in deeply
Coming up for air
