lyrics : Warwick/James - music : Warwick

Seems like all your heroes  
Dance among the dead  
I used to want to join them  
Think I'll live instead  
Living seems so easy  
Distorted point of view  
Why won't you acknowledge  
The hell that we've been through and

Change - Change  
Change for the better  
Change what you feel inside

(chorus)  
You're pushin' me over the edge  
You're pushin' me over the edge  
You lift me up take me to the ledge  
You're pushin' me over the edge

Life could be so easy  
If you see things my way  
Save me from tomorrow  
Someday things are gonna have to

Change - Change  
Change for the better

Change what you feel inside

(chorus)

Grab a hold of the reins  
Suicidal precision  
Going down again Dead man's intuition  
Another book that I almost read  
When I flipped to the last page  
The hero was dead

Life could be so easy  
Reasons to my rhymes

Lovers came to heal me  
And left me crucified

Change - Change  
Change for the better  
Change what you feel inside

(chorus)

You're pushin' me over the edge  
You're pushin' me over the edge  
You lift me up take me to the ledge  
You're pushin' me over the edge  
You're pushing me over the edge  
Bleeding my soul killing my head  
You're pushing me over the edge
