I failed the personality test that L. Ron Hubbard gave
me
He caught me in the beef bowl looking to score some
grave
Zippers cross my eyes hide me from reflection
Even though I'm looking like a perfect imperfection

Why is everybody so unhappy
Why is everybody so unhappy

Come another headtrip creeping through my window
I'm gonna disconnect the phone so I can hear the wind
blow
Sipping slow gin and radiation tonic
I'm gonna cup a nod after I vomit

This is a
White anger comedown
White anger comedown
White anger comedown
Why is everybody underwater
Why is everybody under

Feeling supersonic living inside a fish bowl
Where everybody's blowing smoke rings up my asshole
Think I'm hearing voices, they're making me irate
'Cos even though it's early man, they're telling me I'm
late

This is a
White anger comedown
White anger comedown
It's white anger comedown
White anger comedown
It's white anger comedown
White anger comedown
It's white anger comedown
White anger comedown
Why is everybody so unhappy
Why is everybody so unhappy
