You've been a shadow in the mist,
Pages turn and chapters miss.
You're far too friendly with the dark,
But your about to face a twist.

Imagine a move of near redemption,
It's your choice how you live your story to your
ending...
Make your move right now!

Turn your end into your start,
Set your soul and life apart.
Those thoughts and dreams you thought had failed,
Set into motion a brand new page...
The path you chose is not a close,
On what you thought was real it's not.
Set your soul and life apart,
Live your story from the start...

Don't tell me hope isn't even there,
When you set time just to stop and stare.
Through blindness forward is just a word,
Chance of more is your discern.

Make a move or not!
But time is passing on.
The wait is almost gone,
Your story has just begun.

Imagine a move of near salvation,
It's your choice how you live your story through your
living...

See light's beauty...
Scorn, mindless waiting...

Set your soul and life apart,
Turn your end into your start.
Those thoughts and dreams you thought had failed,
Set into motion a brand new page...
The path you chose is not a close,
On what you thought was real it's not.

Set your soul and life apart,
Live your story from the start...

Set your soul and life apart,
Make your story from the start.
Those thoughts and dreams you thought had failed,
Set into motion a brand new page...
The path you chose is not a close,
On what you thought was real it's not.
Set your soul and life apart,
Live your story from the start...
