Tongue-tied speechless
it's all tangled up inside
trapped within my mind
i'll stumble and freak out
bound to hit the wall
i'm sure to trip and fall

In a twisted web of words
i'll try to make it work

But you gotta read beteen the line
As i'm pouring out my soul
look into my eyes and you'll know
'coz words can't describe
what i'm feeling deep inside
i gotta hope you feel the spark
in my letter to your heart
(can't write this down)
(can't write it down)
in my letter to your heart
(can't write this down)
(can't write it down)

quiet silence
tryin' to find a way
the things i'll never say
i'll try to slow down
and speak up
but words would never help
i'm a victim of myself

In a twisted web of words
i'll try to make it work

But you gotta read beteen the line
As i'm pouring out my soul
look into my eyes and you'll know
'coz words can't describe
what i'm feeling deep inside
i gotta hope you feel the spark
in my letter to your heart
(can't write this down)

(can't write it down)
in my letter to your heart
(can't write this down)
(can't write it down)

fell the beating in my chest
hoping you can hear the rest
of what my heart is shouting to the world

But you gotta read beteen the line
As i'm pouring out my soul
look into my eyes and you'll know
'coz words can't describe
what i'm feeling deep inside
i gotta hope you feel the spark
in my letter to your heart
(can't write this down)
(can't write it down)
in my letter to your heart
(can't write this down)
(can't write it down)

ooh ooh
this is my letter to your heart
letter to your heart
