I've always been afraid to make mistakes.
And now I'm standing on a rope that could break.
I don't wanna fall down there.
I don't wanna break that thin piece of air.

But I was right falling in love with you.
Was absolutely the biggest mistake I'll ever do.
So just jump into the sky,
Spread out my wings and watch me fly.

Oh I think it's time to put on the brakes,
And finally I've learned,
That everybody makes mistakes.
Everybody makes mistakes.

Cross my fingers
I'm taking a leap of faith.
I say a silent prayer,
I gotta get out of this place.

And even now I'm up so high.
Chance can still pass me by.

But I was right, falling in love with you.
Is absolutely the biggest mistake that I'll ever do.
So just jump into the sky.
Spread out my wings and watch me fly.

Oh I think it's time to put on the breaks,
And finally I've learned,
That everybody makes mistakes.
Everybody makes mistakes.
Everybody makes mistakes
