You And Me
We're Gonna Run
To The Law's Line
They Stopped Us Once
But They Won't Stop Us This Time
When We Hit The Border
And The Giant Totem Screams
We're Gonna Smash The Credo
And Walk On Down The Pines

When The Rain Comes Down
When The Rain Comes Down
It's Gonna Wash Our
Wash Our Sins Away

And When The Rain Comes Down
It's Gonna Wash Our
Gonna Wash Our Tears Away

I Had This Dream
And It's Burning In My Mind
We Could Run To A Place
That They Would Never Find
And When We Get To The Other Side
Say Goodbye To The Slashing Wind
And The Icy Fingers
Hail The Sun That Burns Within
