I know a girl by the name of Denise  
I gave her candy and she gave me her keys  
Thought she was innocent just outta high school  
But when she's wit me she sure knows what to do  
I could kinda sense it by the look in her eyes  
Then she pulled up on me  
And got me by surprise

She wanna drive me crazy  
Do me baby  
Tell me don't you think  
Its time for something sexual  
Drive me crazy  
Don't say maybe  
Give me satisfaction cause  
I know you are able

Drive me crazy  
Freaky lady  
Chew me up and spit me out  
That's just not nature  
Drive me crazy  
Ooh wee honey  
Tell me what you want  
Cause baby I need to know

I met a girl  
She said her name is Louisa  
She can get any man  
Whenever she pleases  
Got hot and heavy  
But the next thing I know  
She turn around and  
Say that I gotta go  
Now I'm left alone  
All by myself in the dark  
Light up all my fire before I fall apart

She wanna drive me crazy  
Do me baby  
Tell me don't you think  
Its time for something sexual

Drive me crazy  
Don't say maybe  
Give me satisfaction cause  
I know you are able

Drive me crazy  
Freaky lady  
Chew me up and spit me out  
That's just not nature  
Drive me crazy  
Ooh wee honey  
Tell me what you want  
Cause baby I need to know

She wanna drive me crazy  
Do me baby  
Tell me don't you think  
Its time for something sexual  
Drive me crazy  
Don't say maybe  
Give me satisfaction cause  
I know you are able

Drive me crazy  
Freaky lady  
Chew me up and spit me out  
That's just not nature  
Drive me crazy  
Ooh wee honey  
Tell me what you want  
Cause baby I need to know

I guess I should free my mind  
And go with the flow
