Oh here we go again  
The world's on your shoulders  
Over and over life is gettin' you down  
I know it feels like no one's there in your corner  
But you got somebody now

I know trouble's coming  
You're so tired of running  
I really am believing  
You're the one I'm fighting for

I see you scared of breaking  
With me, you're gonna make it  
You gotta know for sure  
You're the one I'm fighting for  
You're the one I'm fighting for

You probably think that I don't know what it feels like  
Time and time I've been the one on the ground  
We all need somebody to stand by our side  
I'll be your somebody now

I know trouble's coming  
You're so tired of running  
I really am believing  
You're the one I'm fighting for

I see you scared of breaking  
With me, you're gonna make it  
You gotta know for sure  
You're the one I'm fighting for

You'll only make it so far on your own now  
Let's show the world who we are  
Let's get out  
And look like we know how

and everyone around  
we're here, we're singing loud

I'll fight for you if it's all I do

I know trouble's coming  
You're so tired of running  
I really am believing  
You're the one I'm fighting for

I see you scared of breaking  
With me, you're gonna make it  
You gotta know for sure  
You're the one I'm fighting for

I know trouble's coming  
You're so tired of running  
I really am believing  
You're the one I'm fighting for

I see you scared of breaking  
With me, you're gonna make it  
You gotta know for sure  
You're the one I'm fighting for
