v1:

it's so hard,
going on,
living life like you don't exist,
and i can't,
think about you,
your on my mind all the time,
and i cant shake you out of it,

c:

just go on,
move on,
leave me here to bleed like they always do,
just go on,
i'll be fine,
i've been on my own for the longest time,
and i don't need you...i'm fine,

v2:

faded hearts,
with these feelings,
thinking about you it makes me cry,
i am stuck,
in this nightmare,
your on my mind all the time,
and i can't shake you out of it,

(chorus)

v3:

i can do this on my own,
don't need you to tell me where we stand,
on the sideline is where you'll go,
i don't need you, anymore,

(chorus)
